Please do not use shaded areas

**NOTE:** Installing contractors should provide Members with the information necessary to complete the application for this program. Prior to installation, the contractor should be made aware of program requirements. You should contact the Cooperative to confirm that the system will qualify for a rebate.

## Attach Proof of Purchase

### Member Agreement (Must Sign)

I verify that the above described equipment was installed on the date and location specified. I agree to all program requirements provided (either separately or on back of this form) and that my electric Cooperative reserves the right to inspect all equipment and verify information before issuing a rebate.

	Employee Name		

## Terms and Conditions - Geothermal Heat Pump

**Program Offer:** The Program covers products purchased and/or services rendered on or after **January 1, 2025**.

### Geothermal Heat Pump Equipment Requirements

1. Equipment must be listed in the AHRI Certification Directory for geothermal equipment. This information can be verified online for a given model number at [www.ahridirectory.org](http://www.ahridirectory.org). Data (including capacity) must be obtained from the appropriate section as follows:
2. Size of unit used to determine rebate is based on the cooling capacity listed in the appropriate section of the AHRI Directory.
3. Rebates will be paid per 1/2-ton increment with the capacity determined using the appropriate AHRI rating.

### General Terms and Conditions

Rebates shall be prorated based on the percent of power supplied by the Cooperative if the Member has distributed generation.

**Application Information:** Missing or incorrect information on the application may delay processing and delivery of the rebate. An invoice is required and should include specific product information, including the brand, model, serial number, and date of purchase of the energy efficient measures. Other information including manufacturer's equipment performance sheets may be required upon request. The Cooperative reserves the right to verify sales transactions and to have reasonable access to the Member's facility to inspect preexisting equipment (if applicable) and energy efficient measures installed under this program.

**Warranty Information:** The Cooperative makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship, or manufacturing. The Cooperative does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

**Limitation of Liability:** The Cooperative's liability in connection with this program is limited to paying the rebate specified when all terms and conditions have been satisfied. Under no circumstances shall the Cooperative be liable for any consequential or incidental damages or tax liability resulting from participation in this program.

**Participant Certification:** Participating Member certifies that he/she purchased and installed the equipment listed on their application at the defined location served by the Cooperative. The Member agrees that all information provided is true and that he/she has conformed to all program requirements. If the equipment and application does not comply with the Cooperative's rules and qualifications, the rebate amount may be denied or adjusted.

**Program Changes/Termination:** The Cooperative reserves the right to extend, modify (including incentive levels), or terminate this Program at any time without prior or further notice. The Member is responsible for checking with the Cooperative to determine whether the program has been changed or is still in effect.

**Members must apply for rebates within six (6) months of the purchase date (as shown on the Member's invoice) and are subject to the current year program offer if received after January 31st.** Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.
